Write a 2-3 paragraph response to the question: How does the writer use language here to set the scene?</p> <p>Source A <i>She stood intently looking down into the glimmering street, far below, swarming with people, merging into little eddies and disengaging themselves to pursue their own individual ways. A few minutes later she stood in the doorway, drawn by an uncontrollable desire to mingle with the crowd. The purple sky showed tremulous cloud piled up, drifting here and there with a sort of endless lack of purpose. Very like the myriad human beings pressing hurriedly on. Looking at these, Helga caught herself wondering who they were, what they did, and what they thought. What was passing behind those dark moulds of flesh? Did they really think at all? Yet, as she stepped out into the moving multi-coloured crowd, there came to her a queer feeling of enthusiasm, as if she were tasting some agreeable, exotic food – sweetbreads, smothered with truffles and mushrooms, perhaps. And, oddly enough, she felt too, that she had come home.</i></p> <p style="text-align: right;">Nella Larsen, Quicksand (2011)</p> <p>English Literature Write a paragraph explaining how Act One, Scene One of 'Romeo and Juliet' is structurally important.
