Dear Parent/Carer

**Year 11 ‘Period 6’ Revision Sessions**

We are writing to provide information about some additional support that is being offered to Year 11 students after the forthcoming half-term break. From Monday 19 February, we will be running a ‘Period 6’ from 3.00-4.00 each day. During this additional hour, departments will be delivering revision and exam preparation sessions tailored to meet the needs of students in their subjects. Departments will be running their sessions across the week as set out below. Some departments may also run additional sessions on alternative days.

- **Monday** – English
- **Tuesday** – Maths
- **Wednesday** – History, Geography and MFL
- **Thursday** – Science
- **Friday** – Other subjects

In order for the ‘Period 6’ sessions to be as impactful as possible, the following routines will apply:

1. Departments will identify which students are required to attend the sessions for their area each week. If your child is required to attend a session, you will be informed separately by the relevant department. If your child has been identified to attend a ‘Period 6’ revision session then **attendance is expected**. Please support us by ensuring your child attends.

2. If your child is not required to attend a session on a particular night, they are still welcome to do so on a voluntary basis. However, if your child chooses not to attend a session voluntarily then they are free to go home **and should therefore be off-site as usual**.

3. If your child is required to attend sessions in different subject areas on the same night, they will be instructed which session to attend by the relevant departments week to week. In these circumstances your child should speak to the relevant subject teachers.

I am sure that these additional sessions will assist your child in being as well-prepared as possible for their final examinations this summer. Thank you for your ongoing support.

Yours sincerely

D Yarwood
